4 Bedroom, 2.00 Bathroom, 1,343 sqft Residential on 0.12 Acres

Hawkwood, Calgary, Alberta

Stupendous Offering!!! Fantastic family home close to shopping, schools, park, pathways, and playgrounds. The kid's school bus stop is only a few steps away. Overall... just a fantastic four bedroom + Den home! You can't go wrong with this style, especially with the value of having a double attached garage and a finished basement. The bathrooms have been updated and remodeled, too! You'll love the bright open design on the main floor with an oversized living room featuring a brick wood/gas fireplace and vaulted ceilings. The kitchen and nook area is well laid out and is close to the semi-formal dining room. The efficient kitchen offers classic oak cabinets and quick access to the newer rear deck - BBQ time! The breakfast nook provides a bay window and overlooks the large rear east-facing yard. The large primary bedroom has a big closet and a full ensuite! Upstairs, you'll find three bedrooms and two full baths. The basement has been developed with an extra bedroom, a home office, and a big family room! The east-facing backyard oasis offers an entertainer's dream setup with a new upper rear 10' x 9' deck, mature trees for privacy and shade coverage, and is fully fenced. Some other updates include a few windows, a newer high-efficiency furnace, and a 75-80% Poly B removed. Call your friendly REALTOR(R) to book your viewing now! You don't need to preview! Will not last long... So you can book your appointment to view fast. Note: An August 2025 possession date is available.
